

## ISO 20400 Sustainable Procurement

Learn how sustainable procurement aims to deliver best value for money whilst ensuring organisations behave in socially, economically and environmentally responsible ways on this ISO 20400 Sustainable Procurement training course.

This 1-day course will explore ISO 20400:2017 in detail to look at how it can be used to identify sustainability considerations across a range of procurement activities, and how to integrate these into existing procurement practices.

At the end of this course delegates will understand the importance of sustainable procurement and how to integrate a sustainable approach into their organisation's operations.

### COURSE DURATION

1 day

### CPD

Equivalent to 7 hours

### COURSE PRICE

From £625 + VAT

Enjoy cost-effective flexibility and personalised learning with tailored messaging designed to address your unique business challenges. Contact us for a quote.

Delegates will receive a certificate of completion following the course, demonstrating their new knowledge and skills in Sustainable Procurement.

The tutor did an excellent job of aligning the content to our current roles, and challenging us to put it into context.

**FCC Recycling (UK) Ltd**

Exceptionally knowledgeable tutor on the topic, found good ways of making the topic relatable to existing knowledge.

**Suttons International**

Tutor was engaging and knowledgeable which made the content of the course easier to follow and understand.

**International Beverage**
